

Stacy Hostetler is the co-leader of Egon Zehnder's Medical Technology practice as a consultant where she is focused on executive talent development and executive recruiting. Her work spans diagnostics, biotechnology and medical devices with a key focus in digital health. As a core member of Egon Zehnder's Health practice group, she serves as an advisor on executive search for senior-level leadership positions, drawing on her experience as a marketing leader in the medical device space.

Prior to joining Egon Zehnder, Stacy served as the portfolio integration manager for a key acquisition at Medtronic as well as therapy development leader with a focus on global reimbursement and economic value at Medtronic. Previously, Stacy gained global experience while based in Zurich, Switzerland where she focused on global launches in Asia and Europe at Biotronik AG. Earlier in her career, Stacy held key commercial roles at ev3/Covidien and Boston Scientific as well as serving as a consultant for PRTM where she advised clients in the healthcare space.

Stacy received an MBA from the Kelley School of Business and a BA in Microbiology from Indiana University.
