

Tammy Warner - WHIT Committee Co-Chair

Senior Director, Commercial Information Technology, Celgene

Tammy is a business information technology professional with extensive experience as a member of corporate leadership teams strategizing and delivering innovative systems solutions and programs aligned with organizational priorities. She thrives on leading business IT teams from insight to execution, driving business results.

Tammy currently holds the role of Senior Director, Americas Commercial Information Technology at Celgene where she is accountable for converging technology and commercial strategies. Prior to Celgene, she drove business outcomes in diverse organizations which ranged from small entrepreneurial organizations and also included Fortune 500 companies in the Pharmaceutical, Consumer Goods and Consulting arenas. She holds an MBA from Lehigh University and a BA in Management from DeSales University.

Tammy is an active volunteer within her community and industry organizations. She is the co-chair of the Healthcare Businesswomen's Association (HBA) Women in Information Technology committee and belongs to the Society for Information Management.
